

GIS Mapping: Introduction by Dr. Noel M. Estwick
Prepared for COMM 4543, Spring 2014 semester
ACTIVITY: Historical Markers and Social Justice Sites

As a group you must collect GIS information and photograph of each site significant to local social justice efforts as relates to your group project. We will be using the geographic approach as our methodology for the historical markers and social justice sites project. Complete the following five steps to develop your list of sites for this project.

Step 1- Ask <ul style="list-style-type: none">• What is the problem?• Where is it located?	
Step 2- Acquire <ul style="list-style-type: none">• What type of data is needed?• Where can you find it?	
Step 3- Examine <ul style="list-style-type: none">• Is the data appropriate for your study?• Where did the data come from?	
Step 4- Analyze <ul style="list-style-type: none">• What is your method of analysis?	
Step 5- Act <ul style="list-style-type: none">• How will you present the results?
